Re: REALLY BUSY CWMA – Grant Amendment Request

Dear Matt.

Due to unexpected flooding in the project area, we are unable to treat the Fortune creek area this year with the \$500 that was allocated in the AOP. We recently detected a new infestation of yellow star thistle, which is less than one-fourth of an acre in size and the only known location in the Really Busy Cooperative Weed Management Area. We are requesting to utilize the unused funds to spray the new infestation with herbicide XYZ and then plant the area with a mixture of grasses in the fall. Thank you for considering our request. Please feel free to contact me if you have any questions.

Sincerely,

Joe Weeder
Chairman, Really Busy Cooperative Weed Management Area
